

**DIVISION OF MINORITY AND WOMEN'S  
BUSINESS DEVELOPMENT**

**Annual Report Fiscal Year 2021-22**

## **Letter from the Executive Vice President & Executive Director**

The Division of Minority and Women's Business Development (DMWBD) advocates for equality of economic opportunities for minority- and women-owned businesses (MWBEs) and for the elimination of barriers to their participation in state contracts. For over 20 years, the DMWBD has delivered certification and business development services to the MWBE community to ensure they have the tools needed to grow, succeed, and thrive in New York State, and the DMWBD has guided and supported New York State Agencies and Authorities in their efforts to ensure greater inclusion of MWBEs in state contracting opportunities.

Our state's continuing commitment to empowering its diverse business community is a pillar of the strength, innovation, and ingenuity that has made New York State a global leader for commerce and culture.

Having surpassed our long-held utilization goal in 2021, we are proud to report that New York State continues to exceed the nation-leading goal of 30 percent MWBE utilization, coming in at **30.64%** for FY 2021-22.

We cannot stress enough that although New York State leads the nation in economic empowerment and contracting opportunities for MWBEs, New York MWBEs have led our state's efforts to build back better after the disruption and hardships of recent years.

This extraordinary achievement belongs to the people of New York, New York State Agencies and Authorities, and the MWBE community most of all. As this Annual Report shows, MWBEs continue to drive the resurgence and resilience of our state's economy. The increase in MWBE utilization, despite reductions in State expenditure, further demonstrates the growing impact by the MWBE community on state-wide contracting and economic development.

As New York State continues to expand into new markets, industries, and opportunities, we are excited for what the future holds. The DMWBD looks forward to continuing to provide New York State and MWBEs with exceptional service, integrity, and innovation.

## The Division of Minority and Women’s Business Development

Executive Law Article 15-A (§§ 310-318) governs requirements for the participation of minority and women-owned business enterprises (“MWBEs”) in New York State contracting. The objective of Article 15-A is to promote equality of economic opportunities for MWBEs and to eliminate barriers to their participation in state contracting.

The Division of Minority and Women’s Business Development (“DMWBD”) oversees the statewide MWBE program operated by “state agencies” (which includes, *inter alia*, state agencies and public authorities) as defined by Article 15-A. The Division is charged with three primary functions: (1) to encourage and assist state agencies that are engaged in contracting activities to award a fair share of state contracts to MWBEs; (2) to review applications by businesses seeking certification as a MWBE and to maintain a directory of certified MWBEs; and (3) to promote the business development of MWBEs through education and outreach to agencies and MWBEs.

## 2021-22 MWBE Certification Statistics

The mission of the DMWBD is to promote equality of economic opportunities for Minority and Women-owned Business Enterprises (“MWBEs”) and to eliminate barriers to their participation in state contracting. Each year, the DMWBD provides a report on program progress and success which includes information on the annual New York State (NYS) MWBE utilization, overall, NYS MWBE expenditure, and the total number of certified NYS MWBEs.

### *NYS MWBE Utilization and Expenditure*

The DMWBD is proud to announce that, for the second year running, NYS has **exceeded** Governor Hochul’s 30% aspirational goal. Despite the difficulties presented in FY 2021-22, including the COVID-19 pandemic, New York State, the DMBWD, and NYS Agencies and Authorities continued to deliver, and exceed, their commitment to championing greater equality of economic opportunities for MWBEs.

## *NYS MWBE Certified Firms*

The NYS MWBE Directory of Certified Firms reached its highest level of certified firms in Fiscal Year 2021-22. This achievement was made possible, in part, by New York State leadership's commitment to further grow and enhance New York's commitment to MWBE participation in state contracting. In the 2022 State of the State, Governor Hochul outlined a multi-pronged program to support faster processing of new and renewal MWBE applications to reduce wait-times while growing NYS MWBE firms. In the last year, the DMWBD has committed significant resources to improve application processing times, application submission and review processes, and provide in-person support across all NYS regions. Today, the DMWBD has support staff in all 10 NYS regions.

## 2021-22 NYS MWBE Utilization and Expenditure Breakdown

### *NYS MWBE Expenditure by Industry*

NYS expenditure continues to be impacted by the ongoing global pandemic, supply chain disruptions, and rising inflation. During FY 2021-22 overall NYS expenditure was down by 6.81% from \$10B in FY 2020-21. Despite a reduction in expenditure and existing economic constraints, NYS was able to surpass its 30 percent MWBE utilization goal.

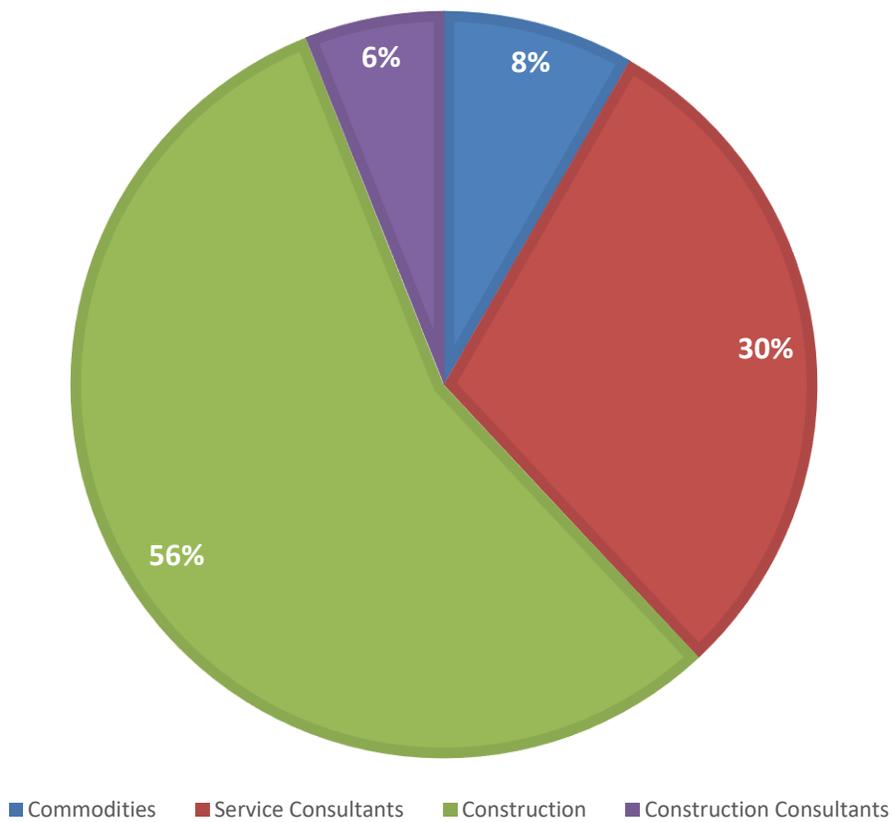

The continuation of strong NYS MWBE utilization demonstrates the resilience and robust nature of the MWBE program, MWBE businesses, and the ongoing commitment of NYS Agencies and Authorities in supporting the MWBE community.

## 2021-22 NYS MWBE Waivers and Violations

Waivers occur at or after the time of award of a contract and may result in a reduction or elimination of the MWBE goals that were established by the agency. Waivers may be granted following consideration and review of various regulatory factors (for example, availability, number, types of certified MWBEs, contract value, scope of work, project size and term) as well as documented good faith efforts to meet the contract goals. Requests for partial or total waivers may be considered.

A contractor may be held liable for the willful or intentional failure to comply with MWBE program requirements; such violations may result in sanctions including monetary damages.
